

TRIP TO POSTOJNA CAVE PARK AND LJUBLJANA

24.11.2018

After a morning cup of coffee at 8 a.m. we will leave Bled for another couple of hours. Beautiful nature and landscape will follow us towards Postojna Cave Park where we will arrive around 10 a.m. when we will enter the amazing underground world of Postojna Cave. An expert guide will show us around and explain all the little details and secrets about the cave. Did you know the cave is a home to numerous creatures, among which are baby dragons? They can go without food for up to twelve years and have a lifespan of up to 100 years.

Soon we will have to say goodbye to adorable little baby dragons and head up north towards Ljubljana. Around 12 a.m. we will take a tour through Ljubljana. It is a capital city and the largest city of Slovenia. The name was established back in Roman times and first named Ljubljana in the first half of the 12th century. We will walk on the Romanian paths through Ljubljana. They will lead us to the *Prešernov trg*, where is the statue of our greatest poet *dr. France Prešeren*. He is known for his tragic love with *Julija*, for whom he wrote a famous poem *Sonetni venec*. We will also look on the bridge

»*Tromostovje*« under which flows river »*Ljubljanica*«. From every spot in Ljubljana you can see the magnificent castle up on the hill; *Ljubljanski grad* which offers a lovely view of the town. After the lunch you will have a free time and the ability to walk up to the castle or drive with *Funicular Railway* to see the view for yourself.

Around 6 p.m. we will drive back to Bled.

PRICE: 75 EUR

PRICE INCLUDES: transportation, entrance to Postojna Cave, train drive inside the cave, lunch (Ljubljana, Union), sightseeing of Ljubljana with local guide.
